

Welcome to Monroe Junior High School. The staff here understands that the transition from 6th to 7th grade is one of the most difficult and awkward times in a child's young life. So, we commit ourselves to teach them their academic content along with the life skills necessary to succeed in their ever changing world.

In the classroom, we hold them to high academic standards, raising the level of rigor to a level that will challenge and bring out the best in them. We will set high expectations for their work, and will do our very best to help every student reach their highest potential. We will hold students accountable for mistakes they may make while also making sure they learn from their actions. We pledge to reward students who meet our very high standards of success, and promise we will never give up on any student who needs our support to get where we all want them to be.

With programs like our Incentive Program, Hive Character Education, Intramural Competitions, along with various clubs and sports, our students have ample opportunity to learn, connect, and grow with their fellow classmates. Thank you for being a part of our community and always remember that You Are In Hornet Country!

Sincerely,

Joe Ward  
Principal  
Monroe Junior High School
