

## Virtual tours and drawing lessons for kids

For the last week of school I would love for the kids to take virtual tours of art museums. Although they say they are kid friendly I would still visit them with your child. I've also included some coloring sheets of famous paintings that your child should be familiar with. They will enjoy coloring them.

Metropolitan Museum of Art: I adore this website!!! You can tell they put so much work into this website. There are so many possibilities. There are videos, a time machine, fun facts and projects galore!

Your child will know who Vincent VanGogh is so check out the VanGogh museum website. It has a great website to navigate around. I actually visited the museum three years ago.

<https://artsandculture.google.com/partner/van-gogh-museum?hl=en>

For drawing lessons check out the author and illustrator Mo Willems youtube videos. You may remember he is the author of "Don't Let the Pigeon" as well as the "Knuffle Bunny" book series. He has around 15 sessions.

Thanks for allowing me to teach your child this year. I hope things are up and running in the Fall!

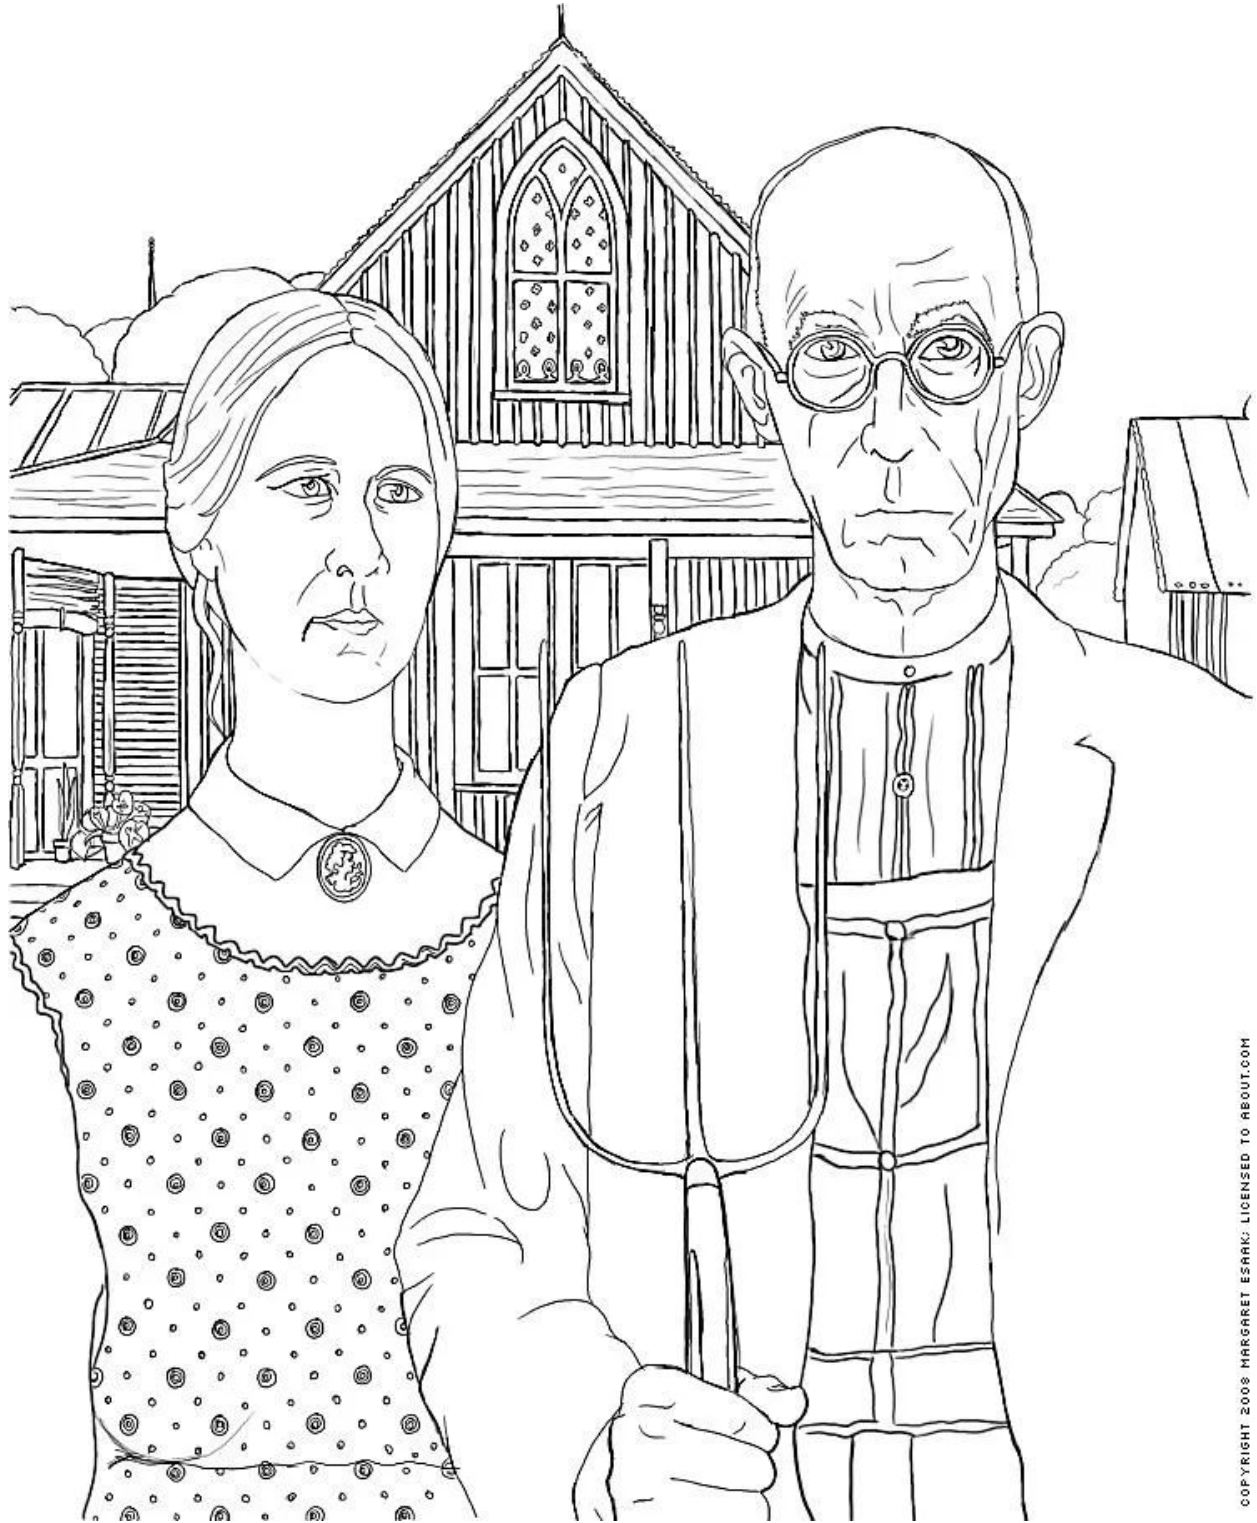

Take care,

Mrs. Harris
