Greetings Parents and Families of Monroe Junior High School,

My name is Logan Stanger and I am extremely honored to be selected as the next building principal of Monroe Junior High School. I am very passionate about education and I look forward to partnering with you to provide our students with a high-quality learning experience. As a former student and alumnus of the Monroe Local School District, I understand the importance of the Monroe community. Hornet Country has a special place in my heart and I will always place tremendous value on school pride.

Before becoming the principal of Monroe Junior High School, I served as an intervention specialist at Monroe High School. Some of the roles I have held include classroom teacher, interventionist, Leadership Council Chairman, and 8th-grade football coach at Monroe Junior High School. My academic background includes a Master’s of Science in Educational Leadership from American College of Education, in addition to a Bachelor’s of Science in Special Education from Ball State University.

I believe that great schools are the result of a highly effective relationship with all stakeholders. I look forward to meeting our students and parents as we embark on a successful 2020-2021 school year. I am dedicated to caring for our students while providing them with a meaningful learning environment. I firmly believe all students can succeed with a productive partnership between school and family. I will be working closely with our district leadership team, superintendent, and board of education to guarantee that all of our students have the support they need to be successful.

Thank you for the opportunity to serve your families and our community in this role! My door is always open for communication. Thank you for putting our students in a position to succeed. I am ready to get to work! We are **#BetterTogether**.

Sincerely,  
Logan Stanger  
Principal
